Income Plan – 5 Powerful Ways to Earn

1. Direct Sponsor Income

Earn a fixed income instantly when you refer someone who joins Naovina with the ₹3600 package.

2. 30-Level Package Level Income

Earn income from your team's package purchases across **30 levels**. As your network grows deeper, so does your earning potential. Even indirect members contribute to your package level income.

3. Matrix Auto-Fill Income (with Cash Rewards)

Naovina follows a matrix-based auto-fill system.

As members join, the system automatically places them in your team structure.

You receive **cash rewards at every level** as your matrix fills whether filled by your efforts or team spill-over.

4. Rank Income

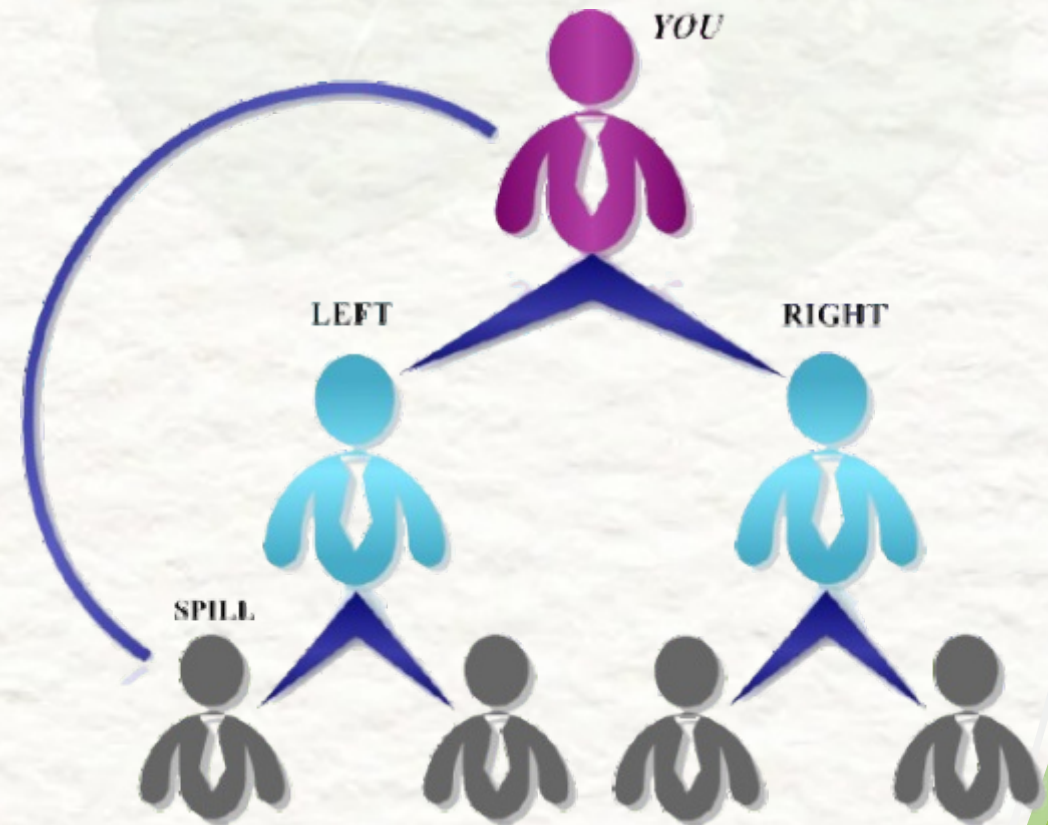

As you build your team and achieve new ranks, you unlock **exclusive rank-based monthly income**. Higher ranks mean bigger rewards. Motivate your team and climb the ranks to increase your income.

5. Rank-wise Gift Income

In addition to cash income, Naovina rewards achievers with exciting gifts—like smartphones, bikes, vacations, and more as you reach specific milestones. Turn your performance into lifestyle benefits and recognition.

Direct Sponsor Income – Your First Step to Earning with Naovina

The Direct Sponsor Income is the foundational earning opportunity in the Naovina income plan. As soon as you introduce or refer someone who joins Naovina with the ₹3600 package, you instantly earn **₹350** as a referral reward. This income is credited directly, ensuring that your efforts are recognized and rewarded immediately.

● 30-Level Income – Powerful Long-Term Earning Structure

Naovina's second income stream offers a 30-level deep income opportunity that rewards you for the growth of your team. When any member in your downline purchases the ₹3600 package, you earn level-wise income—starting from ₹60 at level 1 and gradually decreasing to ₹5 by level 30. This means even if your direct efforts are limited, you can still earn from the activity of your extended network.
